Tim McCain, CISO, Aurora

**1:30 The Power of IoT in Cities**

Chris Medina, Chief Strategy Off, Clovity

**2:00 Break**

**2:10 New Alliance Data Resource with Chrysalis Partners**

Chrysalis has transformed our wealth of city discovery research into a much more usable, searchable, visual, meaningful analysis tool so Alliance members can gain more insight into priority problems and project opportunities. They will also present the findings of their research, including the biggest project opportunities amongst the Alliance.

**2:40 Alliance and Urban Leap**

The Alliance has partnered with Urban Leap to present a platform for project solicitation and evaluation. We will introduce the platform and next steps in the Deployment board process.
